ADA Compliant Guest Room Deluxe Kit

The ADA Compliant Deluxe Kit for hotels to provide their deaf and hard of hearing hotel guests includes a multi-function signaling system with bed shaker that alerts to the phone, door knock and alarm clock; a sound monitor for the smoke alarm; a portable telephone amplifier; a TTY and a soft carrying case.

The Deluxe Guest Room ADA Kit is designed specifically for hotels and motels to help them comply with ADA requirements as they relate to accommodating deaf and hard of hearing guests.

Includes:

- **CentralAlert Alarm Clock/Receiver (CA360Q) with Bed Shaker (HC-S/SHAKER):** The CA360Q is the central hub of the notification system included in this kit. It is a dual alarm clock + signaler, alerting your guests through loud audible sound, flashing strobe light, and/or vibrating bed shaker anytime someone is at the door, the smoke alarm goes off, the phone rings, or it's time to wake up.
- **CentralAlert Hanging Door Knock Sensor (HC-CADXH):** Your guests can simply hang this over their door knob. When it detects a knock on the door, it will wirelessly send a signal to the CA360Q so your guests know when they have a visitor.
- **CentralAlert Audio Sensor (HC-CAAX):** Simply place this by the hotel room's existing smoke alarm, and if the alarm goes off, the audio alarm sensor will detect it and wirelessly send a signal to the CA360Q. Your guests will remain safe even if they can't hear the alarm going off.
- **Portable Telephone Amplifier (HC-UA30):** Straps onto the hotel room's existing room telephone and amplifies phone calls, making it easier for guests who have trouble hearing on the phone to hear their conversations.

TTY Text Telephone (UTI-MC4): Allows your guests to make calls from the comfort of their hotel room

Soft Carrying Case (HC-ADACASE): Fits all of the above items neatly for easy storage, with a handle for easy transport to and from hotel guest rooms.

Station **S**

Sound Experience

Station S is explicitly engineered to bridge the gap between premium consumer audio and the rigorous, highly specific demands of the commercial hospitality industry.

It balances guest-facing convenience, premium audio performance and must have hotel grade safety, security and ease of use features.

Premium Sound Performance

Powered by high-performance drivers delivering rich, room-filling sound with a wide dynamic frequency range. Designed for hotels where the guest experience extends beyond the bed and into the atmosphere of the room.

NONSTOP™

NSS-A Sound Studio Edition™
Black Woven Fabric full speaker grill, Black housing, wood grain options available

NSS-B Classic Console Edition™
Black Woven Fabric circular speaker grill cover on wood grain face, Black housing. Wood grain options and alternate face finish options available

Wireless Qi2 Magsafe
Wireless charging compatible with iPhone and Android Qi and Qi2 compatible phones with Magsafe support.

Intuitive Dials
Top-mounted rotary dials provide simple control of volume, alarms, snooze and the built in relaxation sound machine

LONGEVITY

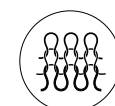

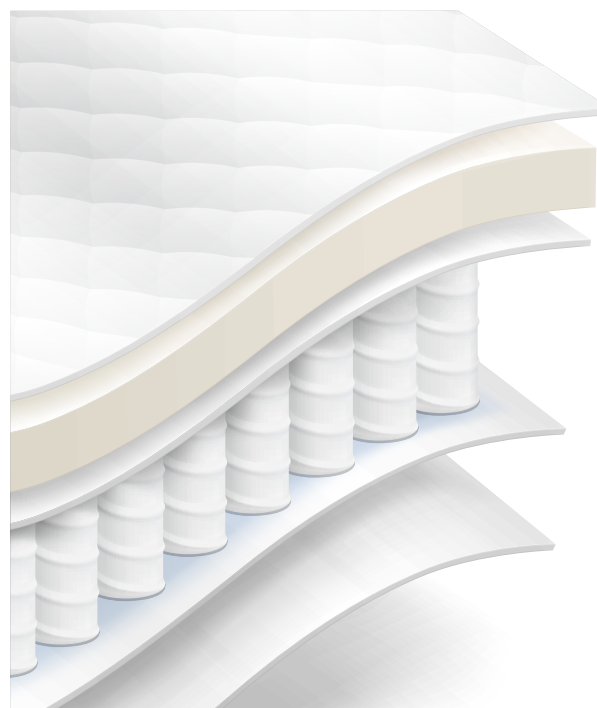

Better components, better warranties, and better performance. Accord Hospitality ensures that extended stay facilities will save considerably with heightened quality and better future expectations.

CAPACITY

Partnered with four of the largest production facilities in the nation, as well as affiliation with several satellite plants, we can easily produce 1000+ units per week and ship across the country at a fraction of the cost.

QUALITY

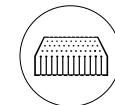

Our Hospitality mattresses utilize premium components and boast an 825-coil count individual pocketed coil system, ensuring less motion transfer, greater body adaptability, and enhanced comfort.

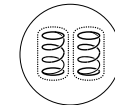

Knitted fabric

Breathable

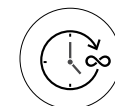

Latex

Coil spring

Spinal alignment

Longevity

In-House Coil Construction

With major components made in-house, supply chain issues don't affect us.

Craftsmanship

American craftsmanship ensures better quality and zero off-gassing.

Large Facilities

With one of the largest plants, our partners can produce at any level.

Quality Control

Quality and safety are guaranteed.

Sustainability

Using 100% recycled steel, we do our part in being sustainable.

Partnership

We form partnerships with our customers, giving quick solutions and new ideas.
